Subject: Airport Expansion

01/04/2006 04:28 PM

Is the airport expanding flights at Long Beach airport?  
Commercial flights are the loudest, as I was just blasted a few minutes ago.

If you are going to be making money by expanding the flights at the airport, then I do believe, as Gerrie Schipske is saying, then the city can soundproof our homes. Why would you let our home prices go down because of the noise of the airport?

Please do something about this.

Thank You,

Debby Thompson

Los Altos Neighborhood
